

To Whom It May Concern:

In my haste to respond to Rep. Keown's inaccurate and malicious attacks against Congressman Bishop, I wrote a press release that inappropriately included material which, while true, ought to have come from the campaign and not the Congressional Office. I did not speak with the Congressman before writing the release. After I released it and posted it in error on the Congressman's website, Congressman Bishop instructed me to rescind the release and remove it from the Congressional website and I removed it immediately as per his instructions. I sincerely apologize for the error.

Sincerely,

Ashton McRae
Press Secretary
Congressman Sanford D. Bishop, Jr. (GA-2)
